

Alliance for African-American Faith-Based Health Initiatives (Alliance)

The Alliance was established March 2006 and serves as the coordinating body for collaborating, promoting and supporting African-American faith-based health initiatives. The membership is comprised of a statewide coalition of faith, health and community partners representing private, public, non-profit and faith-based organizations. The vision of the Alliance is to be recognized as the coordinating body for African-American faith-based health initiatives and to promote healthier congregations and communities. The mission of the Alliance is to implement sustainable efforts that promote capacity building partnerships, coordinate resources and best and promising practices that enhance the health of congregations and communities.
